

I feel that Indiana's Do Not Call program is a fantastic way to bring back peace and quiet to your home. It is such a pleasure to get rid of annoying solicitation calls especially during dinner time. I think the weakening of Indiana's law is the worst thing that could happen to us. We've gotten used to a new way of life and want to keep it that way. Save the do not call list period!

Sincerely,

Jonathon K. Hickman
